IPRI Journal
The IPRI Journal is a biannual refereed journal enjoying wide circulation in Pakistan and abroad. It is being published since 2001 and consists of research articles that build interdisciplinary understanding of today’s global complexities, interconnectedness, and events of international/regional importance by strengthening the knowledge-base primarily from Pakistan and the Global South and North on areas related to international affairs, geopolitics, diplomacy, security, political economy, conflict, terrorism and governance. Book reviews of latest publications on similar subjects are also published. The IPRI Journal is recognized as X-category Social Science journal by the country’s Higher Education Commission (HEC). It is indexed and abstracted in the Clarivate Analytics (formerly the IP & Science business of Thomson Reuters) Emerging Sources Citation Index (ESCI). The Journal accepts academic papers and book reviews by the end of March for the summer issue; and by the end of September for the Winter issue.
